4 March 2015

Dear Parents/Carers,

OPTIONAL AFTER-SCHOOL REVISION SESSIONS
FOR 2015 TRIAL HSC MATHEMATICS EXAMINATION

Recently I provided your son with an outline of a structured revision program that he should be following as he prepares for his Trial HSC Mathematics Examination, to be held at the beginning of Term 3.

To assist him with his preparation for this examination I will conduct an optional after-school revision session every Thursday for the remainder of this term and all of next term. The sessions will take place in Room D7 from 2:15 pm until 3:45 pm, commencing on Thursday 12th March.

Attendance at each session is optional but your son should attend as many sessions as possible.

As your son will be required to make his own transport arrangements home after each session, he may not be able to stay for the entire session, but I expect that he would remain in the class until at least 2:55pm when he may catch the 3.00pm Premier Illawarra bus from school into Wollongong to connect with service buses. Student drivers must have completed the required documentation and lodged it with their Year Coordinator. (Student passengers are not allowed on this occasion)

During the sessions this term we will focus on revising the topics from the summary booklet that was issued in Week 4, following the schedule that I have provided.

During next term’s sessions I will assist the students to complete ERC Trial HSC past examination papers in preparation for this year’s Trial HSC Examination.

I hope that these revision sessions will enable your son to thoroughly revise the course content and complete a sufficient number of practice exam papers to enable him to improve his understanding of Mathematical processes and concepts, leading to his best possible result in the Trial HSC examination.

Please complete the Reply Slip below and have your son return it to me by Wednesday 11th March.

Yours sincerely

MR T DIXON
Head of Mathematics
