19 October 2015

Dear Parents/Carers,

ROTARY YOUTH DRIVER AWARENESS PROGRAM

On Tuesday, 27th October all Year 11 students will be participating in the Rotary Youth Driver Awareness Program. Attendance is compulsory. This program aims to educate students in aspects of road safety in the hope that it will assist in “reducing traumatic injury and death on our roads”. As many of our Year 11 students are now driving, or in the process of getting licences, I believe this to be a very important issue.

The program will be held at the Croome Road Sporting Complex. The cost of the program is included in the school fees.

Please be aware that in one session, graphic video footage will be shown of car accidents. In another session, students will be passengers in a car driven by a licensed driving instructor demonstrating stopping distances. Students who may have a medical condition or injury that may be aggravated by sudden stopping of a car will not be permitted to participate in the practical demonstration.

Students are to wear full College uniform. They will need to bring their lunch and drinks with them as no food will be available at the complex.

All students will be transported by bus to Croome Road. No private car transport to the venue will be permitted on this day.

Students should arrive at the College at the normal time for Administration and are to bring their books to school for Period 1. We will depart the College at 8.50am and return at approximately 3.00pm. Students are required to make their own transport arrangements home from the College at the end of the day and may catch the 3.00pm Premier Illawarra bus from school into Wollongong to connect with service buses.

Yours sincerely

MR M JACKSON
Year 11 Coordinator
