23 November - 2 December 2021

The Institute for Ethics & Society is delighted to host the **2021 Notre Dame School of Virtue & Character**.

Held over two weeks, the second NDSVC allows selected participants to engage with new research on the topic of cultivating good character. NDSVC features five keynote sessions, each running for 1.5 hours. The sessions are structured around a pre-read paper and provide participants with the opportunity to engage directly with the speakers in a rigorous but friendly discussion of their work. We welcome applications for participation via email. Due to COVID-19, the 2021 NDSVC keynote speakers will appear via Zoom.

The 2021 NDSVC will focus on the theme of **The Virtues and Vices of Moral Criticism**.
